## **Cisco Certified Network Associate (Modules 2 & 3) Course Registration Now Open**

Dear Students,

Registration is now open for CCNA Modules 2 & 3, providing you with the opportunity to dive deeper into practical network administration and configuration skills.

### **Who can register?**

- DeKUT students who have successfully completed CCNA Module 1 or students who have completed a university course unit Data Networks/Computer Networks or related area.

### **What will the course cover?**

- Module 2: Switching, Routing, and Wireless Essentials
- Module 3: Enterprise Networking, Security, and Automation

### **How much does it cost?**

- DeKUT Students: KES 13,000 (covers both Modules 2 & 3)
- Non-DeKUT Students: KES 16,000 (covers both Modules 2 & 3)

### **What is the format of the course?**

- Classes are virtual (via online platform)
- Weekdays (Tuesday to Thursday) 5:30 PM to 6:30 PM
- Duration is 10 weeks starting 6 February 2024

### **What are the key benefits of the course?**

- Master essential skills for configuring and managing Cisco devices.
- Gain valuable knowledge for pursuing CCNA certification.
- Enhance your understanding of network operations and troubleshooting.
- Boost your employability in the IT networking field.

### How do I register?

- Registration link: [CCNA Registration](#)
- Registration costs KES 500 (details are included in the form. This amount is inclusive of the total fee payable.
- Deadline: 5th February 2024

For further inquiries, please contact us via [ciscoacademy@dkut.ac.ke](mailto:ciscoacademy@dkut.ac.ke) or WhatsApp (only) 0721 864 813

We look forward to welcoming you to the course!

Yours faithfully,

Dr AM Maina
